Energy Wave

CONFIDENTIAL — FORECAST — FOR DISCUSSION

The team. Founder, co-founder, team members, advisor and counsel.

The people behind the program, with the lines the company prints for each. Biographical lines are the individuals' own statements as carried on the October 2026 materials; where an item has not yet been documented, the company prints the supported line only. Agreements, compensation and equity for team members and advisors are set with counsel on formation.

HOW THE LINES ARE SUPPORTED

The MIT items on the advisor's line are documented from MIT's own records, and the company prints that line for him. The co-founder's degrees and his role at the Zero Point Energy Project Group match the group's published leaders page. The team member's academic line was checked against published records in September 2026. The

founder’s career line is his own statement. Each person is named with the founder’s confirmation of their role; written advisor and team agreements, compensation and equity are set with counsel on formation.

Basis: the 13 October 2026 deck, slide 12; MIT public records (September 2026); the Zero Point Energy Project Group’s leaders page (captured 15 October 2026); the founder’s role confirmations of 15–16 October 2026.
